This run of stone es we had in the No. 2 North 110 fort level, also poor, and nearly all our gold bas been won to East of No 2 North, After we get further advanced with the North level. I will drive East in the course of this lade and also continue our present East level, as I feel couffdent that all the gold bearing stone is to the East of his The cutting of this lode proves thing-that the lodes make down, and are not simply surface deposits.

THE CRISIS IN KORE A

JAPAN'S EXPLANATION OF THE SINKING OF THE "KOWS ING! PECCAL TELEGRAM TO THE "DAILY PRES." BHANGHAL, 3rd August.

The Japanese Cousul shows a summary of affidavits made by Captain Galsworthy and Tumplin, the Commander and chief-officer of the Kowshing, to the effect that the Chinese troop refused to allow the Kowshing to surrender to the Japaness was ship Numinis House the steamer was destroyed. The whereabouts of the other, officers are unknown.

THE BATTLE OF AHSAN Private telegrams have been received from the North confirming the reported defeat of the Japanese in their assault on the Chinese position at Ahsan and the evacuation of Scoul by the Japanesea:

IMPERIAL DECREE.

On the 1st inst the Emperor of China issued decree in connection with the Koreau orisis. which has been tel-graphed) to Canton. The following is a rough translation :-

The Kingdom of Korea has been a possession of our Ching Dynasty for upwards of two hundred years. That it has hitherto paid annual tribute to us is wall known to all our subjects as Another, snake story from the Peak, but a well as to Foreign Powers. But during the past true one nevertheless. Yesterday afternoon as ted years there have been constant revolutions. soldiers have been sent there for the suppression the coolies' carrying poles. The cobra, which is stationed there for the protection of the Kurman Government In the fourth moon of this year unother reballion broke out. The King carnestly soligited reinforcements, and Li Hung-chang was directed to attend to thomatter. coordered a bady of soldiers to proceed there, and on their arriva ot Asan the rebels: were dispersed. However the Japanese on unreasonable grounds suddenly sent troops upon troops of soldiers to Seoul unti their number reached ten thousand. On in vestigation it was ascertained that their intention was to oberce the Korean Government in many ways in reference to their policy, which i have hitherto allowed our dependent Kingdoms to administer their countries in their own ways. Moreover, Japan and Koreni have mutually agreed by treaty to be friendly nations on a forting of perfect equality, and therefore no tyranny should be exercised on the weaker nations According to international law all Powers in the world would consider the dispatch of Japanese troops to Koren un Japanese were invited by Our representative to ally sent to Seoul to the great dista bance of Accessity compelled Us to disputch further reinforcements by transport, but during their voyage they mut with some Jananese warships and were unexpectedly attacked off. Asau resulting none of the transports luquestion being damaged This unantic pated on ming and breach of international law-have led to h d claration of war. Now. We hereby declare to all mations in the world that our Covernment has been most benefloent and righteous in this affair and that the Japanese Goverum jut lies been ve y unreasonable in its interference. We have therefore directed Li Hung. Chang to soull a great expedition to Rorea for the protestion of the people. W hereby, notify to all Generals; Commanders, and The Singapore Free Press commenting on the other military officers at the seaports of Chin that hereafter allouid any Japanese ships ap

Swimming ought not to be a sport, a he visited the Custle of Rudesheim on the Rhine. machinery constantly tending to reduce it. On Maritamere recreation, a means to an end, an exercise In one of the Prince's many charming letters to During the last twenty years the most powerful which we can please ourselves about, a healthful bis wife he describes what occurred — I took a agents in lowering the general level of prices On Sindapore.—

Inverse it in the same entercore as arcked lawn beat went out on the Rhine and swam in have been the enormous addition to the On demand places it in the same category as cricket, lawn the moonlight, eyes and nose only above steam tonney of the world and the great increase Sovenerous, Bank's Buying Rate. 9.85 tennis, golf, and dancing. The practice and the mater, and the rat tower war in the speed of steamers simultaneously with a Gold Leas. 100 fine per tast ...... 48.20 cultivation of these pastimes for the sake of health is much to be commended, and in millions of instances these very sports and amassments develop and sustain life. But the process is gradual, and unfrequently not too apparent, above, and on either have the wood apparent. Swimming, however, should never be classed monthly and city spires in the speed of steamers simultaneously with a decrease in the expense of reuning them, which decrease in the expense of reuning them, which is something strangely desired in the speed of steamers simultaneously with a decrease in the expense of reuning them, which have placed a grantly increase in the expense of reuning them, which water on a still night, slowly deafting by the strains on the markets of the world at a constraint prices is, of course, a great benefit. with denoing. The latter is an accomplishment ming is a necessity. This is the point I have been striving to attain. Just as the mothers teach their little ones to walk by assisting them access the mursery floor, so ought, the father of families to instruct their stillars of their stillars to instruct their stillars of the much as the worshipped his doors and his gone incentive to the stillars of the much as the worshipped his doors and his gone incentive to the stillars of their stillars.

fails let the State come to his assistance. There is no valid reason why swimming should not be determined to day are tangent in the Board Schools of this country.

As I have said before, it should be part and parcel of the country of the country of the part and parcel of the country of the educate, that is, to draw out and develop the in so many branches of sport, it is pleasing to only be maintained permanently by a scarcity of Hongkong Ica. mental faculties at the expense of the physique know this Josy Nuttall, of Stalybridge, is the goods. There may, of course, be a considerable H. & K. Wharl & G. of children. Let us remember that physical professional champion of the universe. He is temperary rise in prices in consequence of a Hongkong Rope... education is equally desirable if a nation is to undoubtedly the most extraordinary waterman large increase in the supply of gold, in comepreserve its health and strength, and a people that England has ever had. Bernat Stalybridge quence of a great destruction of wealth during a which becomes bankrupt in bone and blood will on August 31st, 1869, he early took to the war, or, more usually, in consequence of a revery rapidly cease to be of account among the bath, and we find that in October, 1884 or action from one of the periodic "depressions" peoples of the earth.

when he was just turned 15, he swem in a of trade and contractions of credit that occur costame 1504 vards in the Rocadale Baths, in with approximate regularity at latervals of a Considering the utility of swimming, as a limin 58 sec. This was indeed a wonderful feat, few years. It so happens that at the present means of saving life and giving health, time ought but it was only a foretaste of what was to moment we are in an unusually favourable to be found for its teaching in our public schools, come, for in three sensons he won twelve of the position for a rise in prices the termination of it is desirable that baths should be built in amateur champidaships. Thus in 1886 he carried a period of three years of depression coinciding connection with any schools to be erected, but off the 100, the 220, and the 500 yards; in 1837 with a great addition, actual and prospective. where this carnot be done surely children oin the 100, 200, 500 yards, the half mile, and one to the world's stock of gold. The rise is in be allowed to use at proper times the swimming mile; and in 1888 the 100, 220, 440, and 500 litself an evil for the world generally, but its baths which in most towns have been erected by yards championships. Two of the records that periodic occurrence is part of the price which the ratepayers. For the sake of cleanliness alone the made as an amateur still stand good, namely, must be paid in order to keep the sconomic such a change should be welcomed. If the the lmin 481sec for 150 yards and 6min 161sec, machinery of the world in action. If it were children of our slums who are now compalled to for 140 yards. Like Alexander, Joey Nuttail not for the hope of an apward movement from attend school by law, were also forced to go to sighed for fresh finite to conquer, and so invaded time to time manufacturers and morehants would public baths, for the purpose of learning to swim, the professional world. In this he was equally give up huginess in despair, and thus produce a buzon Sugar they themselves would be wholesome, sweeter, successful. For three years consecutively he was real searcity of all commodities. Happily there and brighter—an advantage not only to the the victor in the 1,000 Yards Professional Cham; is no fear of anything of the kind happening. tonomers but also to their fellow pupils. Indeed pionship, and on Colober 16, 1890, he did this human nature being what it is. our system of primary schooling would be one distance in 13mins assecs, still the best on the hundred times more screptubis under such condi- books. The Mile Chumpionship is however, the tions - und one landad to the betterfer all con- blue ribbon of the art, as it undoubtedly proves

been already done in this direction. In London Mile Champion stip Cup, and, of course, became News Agency, from which it appears that Prince I believe there is a challenge shield for competitive recognised representative man of England. Krapotkin was arrested not in Washington, as tion among the boys of our elementary schools, Three years elapsed before the Stalybridge in at first reported, but in St. Petersburg. It is while the Nottingham Swimming Club has done, fant of these-factor days had a chance of earning to be hoped that the latter news will also prove a noble work. The members of this club utilise more honours. Then J. Laurence McCusker, a incorrect, for if the Prince has been enptured in one of the b.g town swimming baths, and have County Down man, who had settled in America Russia he will either be excented or will be sent Walson v Co. taught thousands of lads at the most nominal fee. for some years, came from Boston as the best to linger out his days in Siberia. It seems Mr. J. F. Harbert, who has for years been the Yanken man on the top of the water. Indeed almost incredible that Prince Krapotkin, life and soul of the club, and is also a member it was John Haggerty, of the Stalybridge whose movements even in London were of the Executive of the Amateur Swimming district, who on a visit to the United States, continually watched by Proming charge can Association, has always taken the deepest and met McChs er, and persuaded him to visit have trusted himself in the ver's New Malwa. 3630. No Allowance. It is highly desirable that boys and girls should when the Trisk-American was halled the viotor month. There are of course, those who argue be taught when they are young. I have heard by 150 yards. Thus emboldered he tackled that as he had practically declared war against auxious mothers declare that their children the redoubtable Nuttall. As both had beaten the Russian Government, the latter can hardly should never go into the water until they could Finney speculation ran high as to their re- be blamed for acting in self-defence, but swim. Absurd as it may seem some folk do lative merits. They swam a mile as Holling his fate will nevertheless be regretted by those imagine that swimming can be learned on land, worth Lake, on August 19th, 1893, when who admire the many sacrifices which 20th July :- From Hongkon; for Havre-54 and from theoretical treatises. Of course pro- Nuttail maintained his reputation by winning in he has made to the cause of liberty. Were there packages tes, 136 cause camphor, 108 rolls cantions should always be taken to avoid danger. 26 mins: Beacs, which deservedly takes rank as a lang constitutional liberty in Russia, such men matting, 50 hours steranissed, 6 passes which deservedly takes rank as a lang constitutional liberty in Russia, such men matting, 50 hours steranissed, 6 passes which deservedly takes rank as a lang constitutional liberty in Russia, such men No one will learn less duickly from the fact of record. Indeed, it would not be included among the "lawless." 20 packages bamboo, 15 cases essential oil and being safe. Shakspere says that familiarity breeds | marate the many surprising figures associated where we note contemporary places him. It is 12 bales comes. For Havre oping Hamburgcontempt, that is, contempt of danger. This is with Nuttall, who is a very modest, religing just because law in Russia is represented mainly 37 cases chinewere. For Havra option London precisely the case with the water only I should young man, this father and mother think a by the arbitrary will of a small olique of officials -110 cases campbor.
